

Let us take the “work” out of maintaining eye health.

We understand the value of time. Here's how we help:

Evolutioneyes Optometry is a one-of-a-kind mobile optometry clinic that provides convenient eye care right to your place of work. Eye health is very important, but often goes overlooked in today's busy world. Various conditions such as diabetes, high blood pressure and even multiple sclerosis can be detected through an eye exam. Let our experienced optometrists and state-of-the-art equipment keep your employees healthy without the hassle of taking hours out of their work day. Our mobile clinic will come right to your door, allowing your employees to be in and out with the utmost efficiency. We also offer a wide selection of brand name ophthalmic glasses, sunglasses and contact lenses. All items ordered will be delivered to your employee, either at work or directly to their home.

Let us show you how easy eye care can be! info@evolutioneyes.ca | 1-800-429-0586
